Voice Trial Application

Auditions are made in arrangement with Liz Clarke at the church's music office (details above).

A prospective chorister will be asked to come prepared to sing a simple hymn or song. They will also be asked to sing back pitches from the piano (single notes and notes from two or three note chords) and to repeat a short melody which will be played twice.

The auditions are informal and are meant to show potential; not all children will have had formal music lessons or ear training - the Director of Music and his colleagues are able to judge raw talent.

We will look forward to welcoming you and your son soon.
